GEYER—GARDEN MASTER—CULTIVATOR

A cultivator for easy and efficient operation. The frame is constructed to apply the power ahead of the axle, thus giving a pulling effect. A rugged, built-for-service tool especially designed for the farmers' home garden, the city garden, and small truck farming. Each cultivator has plenty of adjustment to meet the requirements of the operator, is well balanced and runs easily.

For cultivating, plowing, hoeing, hilling or any other cultivating work. The Geyer High Wheel Garden Cultivator is dependable, economical and sturdy in construction.

GEYER

ROTARY EDGER AND TRIMMER

A New Lawn Edger and Trimmer with multiple uses — for edging walks, curbs, driveways; trims and borders around shrubs and flower beds; many other operations such as clipping and trimming around buildings, foundations, trees, fences, etc. Shearing action—clips as it rolls along. Reversible, can be used in either direction. Drive wheel with sure grip tire tread assures definite traction and power. Positive action transmitted from drive wheels to cutter blade.

OUR MANY FEATURES....

1. Sure grip tire tread.
2. Self sharpening blade.
3. Exclusive spring tension.
